CABERNET SAUVIGNON • NAPA VALLEY

Wine Spectator

Marvin R. Shanken Editor and Publisher

It's not just your imagination: More wines—even sturdy Napa Valley Cabernets that were once held back for bottle age—are being released earlier and earlier. So the 2007 vintage dates you see in this report are not typos. The 2007s are moving to the market even as we've just tasted the lion's share of the 2006s. 2007 is a great vintage for Cabernet, which means it will be easy to find exciting wines, starting with this sampling.

cade Napa Cuvée 2007 Cabernet Sauvignon Napa Valley 92 Points

Intense and focused on a rich core of black cherry, currant, plum and cedary oak flavors. Full-bodied and expansive, yet retains a tight focus and a measure of restraint. The flavors pour through on the finish. Drink now through 2018. 4,329 cases made.

James Laube
